Alignment Guidance

POLICY AND PROTOCOL

Protocol 7.0: District Structure, Section 1(D)

- The best interests of the clubs and District are taken into consideration when assigning clubs to Areas. Areas consist of four to six clubs; however, an Area may consist of three clubs on July 1 only when an effort to charter a fourth club is in process.
- Under no circumstances may an Area have more than six clubs on July 1. Advanced clubs may not be segregated into Areas. Areas may be segregated by language, subject to the approval of the District Council.
- Districts assign clubs to Areas based upon: Geographic proximity to other clubs. The ability of an Area Director to effectively provide service club size and strength (e.g., paid, active, disbanding) prospective clubs and expected growth. The likelihood of eligibility for Distinguished programs (e.g., club base of the Area or Division)
- A Division must have a minimum of three (3) Areas.

Recommendations

- The past 2 years have been tough and clubs will continue to evolve
- There were 20 low, ineligible or suspended clubs when we pulled the club status from TI in early March.
- Rather than take action in all these Areas, we're confident D35 leaders at all levels can help the the remaining Clubs and Areas thrive and grow as people feel more comfortable engaging in personal development activities such as joining a local Toastmaster club
