See attached resume for additional details

Relevant work experience and how it relates to Toastmasters and your role as a District leader:

Extensive professional experience as a leader, people manager, and Individual contributor. See attached resume for additional details

What experience do you have in strategic planning?

I have been involved in both short and long term strategic planning in both professionally and in non-profit volunteer organizations.

What experience do you have in the area of finance?

Professionally I have been responsible for budgets of over \$10 Million. I have extensive experience with budgeting operations and capital expenses. I have experience with non-profit finances, have served multiple times as a Toastmasters Club Treasurer, and have previously served District 35 as for two terms as Finance Manager.

What experience do you have in developing procedures?

As a leader and people manager, most of my career being in operations I have extensive experience understanding, documenting and developing procedures. During my term as Finance Manager I documented for future individuals in that role a manual for managing District Finances.

What lessons did you learn from previous leadership positions?

Ensure to Listen and stay focused on the member, keep the main thing the main thing. It's very easy, as a leader to get focused on something that is not the main thing.

Why do you want to serve as a District leader?

Toastmasters has given me a lot, I feel it is my responsibility to give back to organizations the skills and experience I have where and when I can.

In your opinion, what are the District mission's major objectives and how would you work to achieve them?

The districts mission of building new clubs and helping all clubs achieving excellence should be district leaders guiding light. As a leader I look to keep us focused on how what we are doing is directly helping the success of our members and clubs. As Program Quality Director, I would ensure district programs were focused on helping clubs with as many practical learning opportunities as possible.
