

District 35 Central Division 2025 Report

The 2024-25 year has been challenging for Central Division. We began without a Division Director and without one of three Area Directors. Fortunately, in the second quarter, those two positions were filled.

We played catch-up to get our leaders trained and started club visits, completing all but one by the November deadline. Attracting new members and membership retention have been the biggest challenges for most clubs.

Due to health issues with two of our leaders, we've fallen behind on our next round of club visits, but are working to complete them on time.

To date, Central Division has two distinguished clubs, and 26 Pathways levels achieved.

I'm proud of the members and club officers in Central who have worked toward their education goals and completed trainings. We are truly accomplishing the clubs' mission to help members of providing a supportive and positive learning experience in which members are empowered to develop communication and leadership skills.

Nancy McCulley, DTM

District 35 Central Division Director 2024-2025
