

What can I do in the next four months?

(wait, there's just over four more months in the Toastmasters year???)

Consider your goals and experience. Schedule speeches and projects with your VPE. How can you support your fellow members? Consider club or Area leadership!

By mid-February all members will have access to Pathways. Login to Toastmasters.com, check out the new Icebreaker, and get ready to start your new Path.

Access to Pathways and contest eligibility depends on membership. Pay dues in March!

Sculpting a speech can change how you look at presentation. Step up for your club's International contest.

Are you eligible? Six speeches or new club?

Nope

Contests require arrangements and support. Ask your VPE how you can help – for prep work or for the contest itself.

Yes!

Practice on your own and with your mentor. Challenge yourself. Watch others and see how they do it!

Forms are available on Toastmasters.org – if you're not sure, check with your Area Director. Invite Guests!

Did you place to move onwards?
(everyone wins something - Especially experience!)

Great experience!

Do you want to be a Contest Master, Chief Judge or Contest Chair? Maybe help at a TLI?

Areas, Divisions and the District offer contests and events – and they all need volunteers. Help us! Reach out to your Area Director. You learn new skills and develop your personal network while supporting other Toastmasters! Bring guests to celebrate talent development!

Yes! Woo hoo!

Keep preparing! Take helpful, specific feedback into account. Attend other contests to check out variety and enjoy the outstanding talent!

Do you move on?

Not this time, but that was fun!

Yes! Very honored to represent my club, division and area!

Check your Division Contest date on the calendar and we'll see you in Oak Creek May 4-5 and then Chicago in August!
